You can’t predict when or where an accident will strike. But you can make sure you have a safety net of financial protection to help if an accidental injury occurs.

Accidents can happen anytime, anywhere—at home or at work, on the playground or on the road. Some of the most common injuries include:

- Broken bones
- Burns
- Concussions
- Lacerations
- Back or knee injuries
- Accidental injuries that send you to the Emergency Room, Urgent Care or a doctor’s office.

Colonial Life’s Group Accident Insurance helps you fill some of the gaps caused by increasing deductibles, co-payments and out-of-pocket costs related to an accidental injury. With this coverage you may not need to use your savings or secure a loan to help pay those unexpected out-of-pocket expenses associated with a covered accident.

Here’s how it works...

Imagine while cleaning the gutters, you fall from the ladder and break your leg.

These are out-of-pocket expenses you may encounter:

- $100  Emergency room copay
- $250  Deductible (copays do not count toward deductible)
- $35  Specialist visit copay – orthopedic physician
- $350  Specialist visit copay – occupational/physical therapy for 10 days
- $735  Out-of-pocket expenses

And here is a sample of benefits you may be eligible for with Colonial Life’s Group Accident Insurance:

- $75  Accident Emergency Treatment
- $100  Accident Follow-up Doctor Visit ($50 per visit, up to 2 per accident)
- $50  Appliance (crutches)
- $675  Fracture (broken leg)
- $150  Occupational/Physical Therapy ($15/day for 10 days)
- $20  X-Ray (for diagnosis of broken leg)

$1,070 of benefits paid to you in addition to other coverage you may have with other insurance companies.

The claims example above is based on a covered person aged 41 who receives a complete fracture of the leg and requires non-surgical repair. The policy has exclusions and limitations. Costs of treatment and benefit amounts may vary.
Benefits listed are for each covered person per covered accident unless otherwise specified.
